# PRESENTATION

JENLISISTERS: TWO SISTERS, A HARPIST AND A VIOLINIST, REVITALIZE CELTIC MUSIC BY BLENDING IT WITH ELECTRO!

The JenliSisters offer multiple facets of a Celtic exploration. In 2023, they revolutionize the Celtic world with their **new album “Mystical Fusion”** and succeed in the extraordinary feat of making audiences dance and travel to the sound of the electric harp, violin, and electro.

## CELTIC ELECTRO

A unique musical project inspired by the Celtic and Nordic universes. By blending the sounds of their instruments with electro production, the JenliSisters propel ancestral music into modernity.

## THE LEGEND OF THE LAKE

### **Spectacle sur l'eau.**

Show on the Water. Immerse yourself in a world where the music and magic of Celtic and Nordic legends intertwine to create an enchanting spectacle: 'The Legend of the Lake'. The JenliSisters and ShOwflamme unite to offer an immersive and unforgettable experience at the intersection of legends and visual arts.

# BIOGRAPHY

The JenliSisters present a unique musical project to the public. Two sisters, Héloïse the harpist and Mathilde the violinist, push the boundaries of their instruments by exploring various music styles and playing techniques. Each concert transforms into a journey through space and time. They compose their own music, drawing inspiration from traditional, classical, and pop genres, which they blend with electro sounds. In 2022, the JenliSisters performed in over 200 concerts.

## MATHILDE - Violinist and Producer

Graduated with a master's degree from the Royal Conservatory of Brussels in classical violin and a master's degree in Irish Traditional Music from the DIT Conservatory of Dublin, Mathilde has developed a unique violin playing style that transcends musical genres.

## HÉLOÏSE - Harpist

Graduated with a master's degree in harp from the Royal Conservatory of Brussels and the Conservatory of Milan, Héloïse is a winner of numerous competitions. A renowned harpist in classical, Celtic, and electro music, her YouTube video of Debussy's "Arabesques" has garnered over **7 million views**.

# Rider & Technical Sheet

**This Technical Sheet pertains to the CELTIC ELECTRO concert. Please feel free to visit [www.jenlisisters.com](http://www.jenlisisters.com) to access the technical sheets for the various projects offered by the JenliSisters."**

**Concert Concept:** 2 artists on stage: a violinist (violin + viola) and a harpist (electric harp and/or Celtic harp). Electro soundtracks are played during the performance.

**This rider is an integral part of the contract. Please do not hesitate to contact us if you have any questions. If there are any problems or if adaptations are necessary, we will work together to find a solution.**

## **Contact :**

Mathilde de Jenlis - [jenlisisters@gmail.com](mailto:jenlisisters@gmail.com) - +32 (0) 472 34 19 58  
Sound engineer - [remy.demonte@gmail.com](mailto:remy.demonte@gmail.com) - + 32 (0) 495 74 84 67

## **Hospitality:**

### **Catering:**

Depending on the schedule, please arrange a meal for 2 people (or 3 people if we come with our sound engineer).

### **Stage:**

2 small bottles of water for the artists.

## **Technical Requirements:**

### **Access & Parking:**

We travel in a Renault Espace. The unloading of this vehicle must be done as close as possible to the stage access. The vehicle should be parked near the stage for the duration of the artists' presence, in a secure and complimentary location.

Vehicle dimensions: Height: 1.80m / Length: 4.85m / Width: 1.89m

License Plate: 1 – TMY-422

### **Typical Schedule:**

Arrival of artists for technical setup, assembly, and rehearsal: +/- 2 hours before doors open. Dismantling after the performance: +/- 1 hour.

### **Staffing:**

The organizer will provide the artists with the necessary personnel for operating the equipment in the venue. The staff should be fully proficient with the venue's equipment and available for the artists according to the established schedule.

To be provided if the infrastructure allows for setup, concert, and dismantling:

- - 1 sound technician (It will be established in advance whether the JenliSisters travel with their sound engineer or if they work with the venue's sound engineer)
- - 1 lighting technician.

## Stage Setup:

Area: Minimum 4 m x 3 m

Please provide:

- - Accessible power outlets
- - A chair without armrests
- - If the performance is outdoors: stage platforms and a canopy to cover the artists in case of bad weather

## Lighting:

Please provide:

- Stage lighting

## Sound:

You provide, if the infrastructure permits(\*):

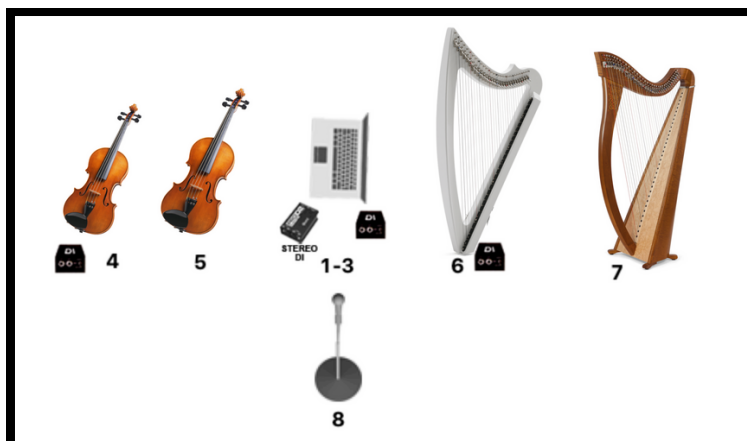

- - A professional sound system of recent design (with subwoofer).
- - 1 FOH console of type M32R, SQ. No analog consoles
- - In-Ear monitoring system
- - 5 DIs
- - An SM58 with clip and microphone stand

We provide:

- A violin with 1 jack microphone
- A viola with 1 DPA microphone
- A Celtic Harp with 1 XLR microphone pad
- Electric Harp with jack output
- Soundtracks: 1 computer, 1 sound card (Scarlett) with jack inputs 1 & 2 for the front and 3 for the click
- 2 pairs of In-Ear headphones (If necessary + 2 Thomann MB2 passive earphone controllers with XLR output)
- (\*) If necessary, a sound system: 2 speakers, 1 mixer, 2 stands for the speakers, suitable cable set

## Patch:

N°	Input	Stand	Source
1	Sample L		DI
2	Sample R		DI
3	Click		DI
4	Violin 1		DI
5	Violin 2		XLR
6	Electric Harp		DI
7	Acoustic Harp		XLR
8	Voice	Microphone Stand	SM58
